Correspondence

Poster for Radisson Car Show July 27, 2005

Request for Car Show at Trinity Manor in Stonebridge email was sent to Al W and Norm. Norm has already contacted them and booked a show for Weds. July 16th 1pm to 3pm

Feed the Hungry Tour

(Email sent to members) Richard Demers and his 32 Dodge DK8 Sedan will be making a tour to raise donations for local Food Banks. The Local Food Banks will be accepting the donations directly during his stops on the tour. It will Start at Edmonton Park on Aug. 31 and will be here in Saskatoon at the WDM on Sept. 1. From here, Richard will head to various locations, some in the USA and return back to Canada to complete the tour in Calgary at Heritage Park and Gasoline Alley.

Jill Laflamme car show request

A request from a little guy's Mom Jill Laflamme (this has been an email forwarded to members) Louie who is turning 5 years old, goes to Caswell school, and apparently quite a little car enthusiast, goes to lots of cars shows and his birthday is this Thursday June 26th. Jill (the mom) would like to plan a little surprise for her son. She was wondering if one of our members, preferably with a convertible could meet Mom and Louie at the school around 11:30 am and take Louie for a short cruise around town. Jill goes on in her letter it would mean so much to this kid.

Wedding Car Request:

An Inquiry from Jill Pankoski regarding getting anniversary photos of her parents sitting in the back seat of a classic car. She is trying to recreate their wedding photo from 50 years ago, when her parents were seated in what looks like an early to mid 1960's Lincoln Continental with suicide doors. Do we have any members with such a car that would be willing to let the car be used in some photos? **No Members came forward**

Picture of Jill's parents.

Business Arising out of Meeting Minutes:

Garage Tour last month at Luc and Bonnie Vangool's was well attended, a quick count of 47 (Maybe more) were in attendance. Always amazing things going on at Luc's garage. The wagon project is coming along.

Old Business:

Our Go-To-Guy for club apparel is Tim Roden, latest items: More ball caps have been ordered and are for sale. Tim was not present at tonight's meeting.

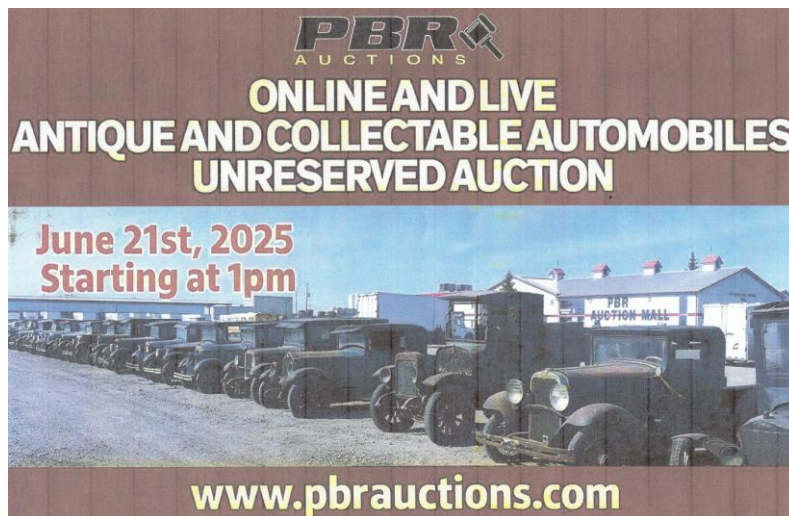

At the last meeting we asked members if they had any suggestions for the use of the \$5000.00 that was presented to the Club from the Swap Meet Committee. Al W asked for submissions by email. To date none have been received. The default will be to invest the \$5000.00 into a GIC for the club.

New Business:

Coachman Pike Lake Fun Run (June 1) was a good event, weather was a bit cool in the morning, but improved in the afternoon. We had 9 or 10 cars attending from our club. Overall numbers for this event seemed to be down this year.

PBR Auction of WDM Surplus vehicle occurred June 21, live on-site and internet bidding. Made a note of the just the first dozen cars go thru, all project vehicles of various makes, were selling between \$1000 to \$5300. From the first few lots being sold the Ford Model T's seemed to be commanding the higher dollars, with an old 27 Hudson bringing in \$1000. Many interesting projects, but NOT for the faint of heart. Pretty in-depth restoration would be required for most of these vehicles.

EG Classic Auction (First one to occur in Saskatoon!) It was held at Prairieland Park, Auction was held on June 21, it was live on-site and internet bidding. Viewing was on Friday evening, about 180 or so vehicles all very well represented in Hall D. About 2/3 of the vehicles sold on Saturday, the other 1/3 did not meet reserve.

Corn Roast: Lloyd Morgan mentioned we are still in the process of securing a site. Club will likely be doing a BBQ instead of catered meal. Freshco at Market Mall has offered to donate corn and burger patties. Thank you to Gordon Blair!

Garage Tours and Guest Speakers: Lloyd Morgan updates.

Following July Meeting we hope to go to Flynn Scott's (Cathedral Bluffs)

Flynn has a number of C3 Corvettes and a Dodge Power Wagon

Following the August meeting we to go to Bert and John's south on Hwy 11.

For the September meeting we hope to have Randy Johnson, bring one of his coffee tables.

For October and or November

Dale and Sherryl Epp re: Oil and lubricant technology and Amsoil products

NOTE: Please contact Lloyd Morgan, if you have any suggestions on Tours or guest Speakers.

1965 Pontiac Laurentian

- Original paint
- Four door sedan
- 283 Engine
- Power steering
- 3 speed power glide transmission
- Factory wheel disks

his 4-door, 1965 Pontiac Laurentian has been in my family since purchased new in Saskatoon from Mid City Motors. It has approximately 65,500 original miles, much of which was driven at 50 MPH by our mother on gravel roads during her time teaching in Saskatchewan rural schools in the 1960s and 1970s. The car was stored in a single car garage from about 1974 to 2014.

Mechanical work was completed from 2019 – 2022 to put it back on the road:

- Replaced all belts and hoses
- Re-cored the radiator which preserved original tanks and transmission lines
- New gas tank
- New gas gauge sender
- New fuel pump
- Remanufactured carburetor
- Brakes done as required
- Complete ignition tune-up with new parts
- New tires

Issues

- Right rear bumper was pushed into rear fender many years ago. Bumper was straightened but no bodywork or paint attempted.
- Needs interior rear window molding.
- Needs interior upholstery attended to
- Reconditioned push button Pontiac radio is included. Car has antenna but no speaker. Needs to be installed.
