Minutes of October 28, 2025 General Meeting
(Next meeting is on November 18, 2025 7:00 pm WDM)

The SAAC meets the 4th Tuesday of every month at the Western Development Museum, except November which is the 3rd Tuesday. There is NO formal membership meeting in December. Our AGM occurs January each year as per a posted date and location.

Number of Attendees: 58

Call on guests to introduce themselves: none

*Remind guests that 2 meetings are required to join. We have a membership package which contains application form and an introduction letter.

Errors or Omissions from the Sept. 23 Gen. Meeting Minutes?

Motion for Acceptance Lloyd Morgan

Seconded Ray Fribance

Treasurers Report:

Jordy Grovestine will give the Treasurer Report. No questions for Jordy.

Correspondence:

Debbie & Brent Hattie 306-343-0107 dhattie@shaw.ca

(1)

Suggestion made by Janice Morelli that we ask Debbie and Brent to join our club. That would be the best way to access the people that could help them on the Model A Ford. Al W will reach out to them and mention that option.

Hi - We purchased this 1928 Ford Model A Coupe at the PBR Auction Sale in June and understand that it may have come from surplus of the WDM.

I was wondering if anyone in your club knows anything about the history of the car - who owned it or when the museum acquired the car.

We were interested in obtaining an antique car to place in the yard of our son's home for taking photos with. Jason has a 1906 home on an acreage east of Saskatoon that he runs as a Wedding and Events Center called Lawrence House. The house was originally built in Hanley in 1906 and moved to the acreage by the previous owner in the 1970's. Jason purchased the house 9 years ago and has worked restoring it and has been holding weddings there for about 4 years now as well as the house being used for photo shoots, video shoots and overnight guests.

The car was rather a spontaneous purchase without much research I'm afraid and we do not have any experience with car restoration.

And once we brought the car home we realized how complete it seems to be and the trunk is full of parts. So we have not yet decided whether to use it in the yard or if it is worth being fully restored.

We would appreciate any help you might have on the car's history that may help with our decision.

Saskatchewan Polytechnic issued SAAC a receipt for the donated funds of \$2400.00 to SAAC for the support of two bursaries. Each for \$1200.00 in the Auto Technician and Autobody trades.

Norman Mowles also received a letter from Mel Leib, Trust Manager recognizing our club support to these programs.

Dundurn, SK S0K 1K0

Dear Norm,

Our students come to Saskatchewan Polytechnic with ambition, curiosity, and grit—and thanks to your organization's support, they leave with opportunity.

Your investment in Student Awards does more than remove financial barriers. It opens doors. It tells students that their hard work matters—that their future is worth investing in.

The result? Students who can purchase the textbooks they need, reduce their work hours to focus on study, and build confidence knowing their efforts are recognized.

As one student shared:

"Without your support, managing these challenges while starting school would have been impossible. Thank you from the bottom of my heart—you've helped me more than words can convey." – Fayden, Sask Polytech Student

These stories—and the futures they represent—are only possible because of partners like you. Thank you for your commitment to students and to the power of applied education.

If you have any questions about your receipt or sponsorship, please contact us at saskpolytech.donations@saskpolytech.ca.

With warm appreciation,

Mel Leib, CPA, CMA
Manager, Donations & Trusts, Advancement

Business Arising out of Meeting Minutes:

Garage Tour at John and Bert's was well attended. A Dan Reid print was presented to Bert and John in appreciation for their hospitality.

On Oct. 2, Al W attended a board meeting of the Warman Senior Centre and made a formal presentation of a Dan Reid print, depicting a Locomotive pulling into a vintage CN station. We had the print framed and John Moffatt arranged to get a small plaque to show that the print was gifted from our club to the Warman Senior Centre.

General Consensus: Regarding 2025 Corn Roast venue and meal. Response very favorable to do another corn roast at the Warman Senior Centre.

On Oct. 5 Jerry Lupul and George Dewernychuk attended a SAACC meeting in Regina.

George Dwernychuk reported:

- Only 12 out of the 29 clubs attended this meeting.
- Gerald Stroeder has been elected as new SAACC President.
- Still seeking a Secretary and Vice President.
- The No Duty policy on classic vehicles imported from USA may change in the future.
- SAACC requests records from the club as to how many senior residences show and shines they do every year.
- NAACC requests we put a sign or notice up at events that we sponsor as a club indicating that we carry insurance through NAACC. NAACC insurance will cover any liability issues at the car show site only. NO collision insurance is included.
- Next meeting will be in Saskatoon Mar. 29, 2026.

Old Business:

We have 3 months until the AGM, we will have some openings on the Executive: Secretary, Vice President, (2) directors. If you are interested or would like to nominate someone, Please let the executive know.

The last couple of Show N Shines took place, Dusty Wheels in Rosetown Sept. 28, and Coachman Car Club Fall Roundup on Oct. 11 in Warman. Weather started off a bit cool in Warman but by 10:30 a lot of vehicles were arriving, they easily filled all the allotted space and even extended into the regular parking area of the Sports Complex. Members also reported very good turnout in Rosetown for the Dusty Wheels car show event.

New Business:

AGM Tickets are now on sale, Cost: \$30 per person, Location: Smiley's, Date Jan. 24, 2026

Cocktails: 5pm Meal: 6pm

Garage Tour after the meeting tonight will be to Wave of the Future, this is a 3D design and printing company. This was very interesting garage tour, Randy Janes (Owner) was our host. A Dan Reid print was presented in appreciation from our club.

The November General Meeting will be a week earlier on Nov. 18 at the WDM. This will be due to the Festival of Trees

Upcoming Events:

Show and Shine events are pretty much done for this year unless anybody knows of anything? Nothing mentioned.

SAAC Christmas Party? Norm Mowles is still arranging with Nutana Legion, he will confirm the date and circulate a sign-up sheet at the November General Meeting.

Nuts and Bolts:

Brian Williams (1-780 267-2467) or wbrrians1950@gmail.com

(3)

Looking for parts for a 1950 Dodge deluxe, 2 door torpedo back with 6-cylinder engine and standard transmission, 3 on the tree.

Roger Mann (306 961 1200) or rmann@sasktel.net

(3)

Subject: Buicks available for purchase

I have two Buicks I would like to sell to an interested buyer.

They both are frame up restorations. They are both touring cars. 1917 D45 and a 1918 light six. Both run well. the light six is believed to be only one of two to exist. The other was in the GM museum in Oshawa.

I will sell each for \$25,000. That's less than buying an ATV.

Gerald Schaeffler 306-230-8770

(1)

Open to a good offer! Sizes 3/4 , 11/16, 7/8, and 13/16.

Dennis Stanley 306-270-0279

-Al Lambert is the fellow to contact for hard to get and obsolete gaskets

EMAIL: alambert@gasketcity.com • www.gasketcity.com

-Dennis is also working with Mike Luciak (306-371-3946) to get his Model A running. The vehicle has carburetor problems for sure and may have other issues." If you know of someone who could help with this project, please contact Mike or Dennis.

Ray Fribance

Ray has a pair of very mint condition 1926 License plates that he would like to find a good home for. They must go to club members that have a 1926 vintage vehicle. From the meeting it was estimated that there are about 4 members that have such vehicles. It is unclear however if Ray is giving the plates away or selling them. More details to follow. Because there are more member vehicles than the two plates, there may have to be a draw to select the recipients in a fair manner. The Executive will discuss processes at the Nov. 4 Executive meeting.

Brian Grovestine

Brian is looking for sheet metal for his 1977 Ford SuperCab

(1)

Questions/Comments/Concerns:

Ron Just

Ron addressed the membership regarding a request from Catharina Jansen (Bud Small's Grand daughter. She would like to enter Bud's 57 Ford Fairlane 500 in the Draggins Car Show next spring as a memorial to Bud. However, she was not sure how to go about this. Each year 10 spots are allocated to our club. Ron set a motion that we reserve one of our spots for Bud's car.

Motion: Ron Just Seconded: Norm Mowles Vote taken: Majority in favor; Motion carried

Dave Brock

Dave indicated that Swap Meet for 2026 is totally full and about 60% paid with a waiting list but still have room in car corral outside

Now as far as toy run for kids. We will meet at Browns next to Lawson Heights mall between 6-7pm on Dec 13th. Everyone is welcome to decorate a vehicle and enter their car. But please remember it's illegal to drive with your Xmas lights on except during the parade all we ask is bring a donation of money or toys for kids. Parade starts at Browns in Lawson Heights, and will be escorted by the police from there, over and down Spadina across university bridge to Jim Patterson children hospital then from there to Ronald McDonald house then down to rotary park for pictures then shut everything down

Dave presented a motion for our club to donate \$300.00 again this year to the "Christmas Toy Run for Kids".

Motion: Dave Brock Seconded: Ken Liang Vote taken: Majority in favor; Motion carried

Norm Mowles

Norm made a brief mention that him and Dave Brock sent a letter to Market Mall requesting to change the organizer of the Friday Night Show and Shine at Market Mall.

50/50

Tonight's ticket seller: William Hancock

Winner: Dave Williams

Ticket: 1506271

Amount: \$88.00

Motion to Adjourn: Fred Remillard

Seconded: Rob Minion

REMINDER: Garage Tour to Wave of the Future 3D, 2117 Faithful Ave., after the meeting, Pop and Pizza will be served.

Randy Janes <https://waveofthefuture3d.com/>

www.duckfootparts.ca

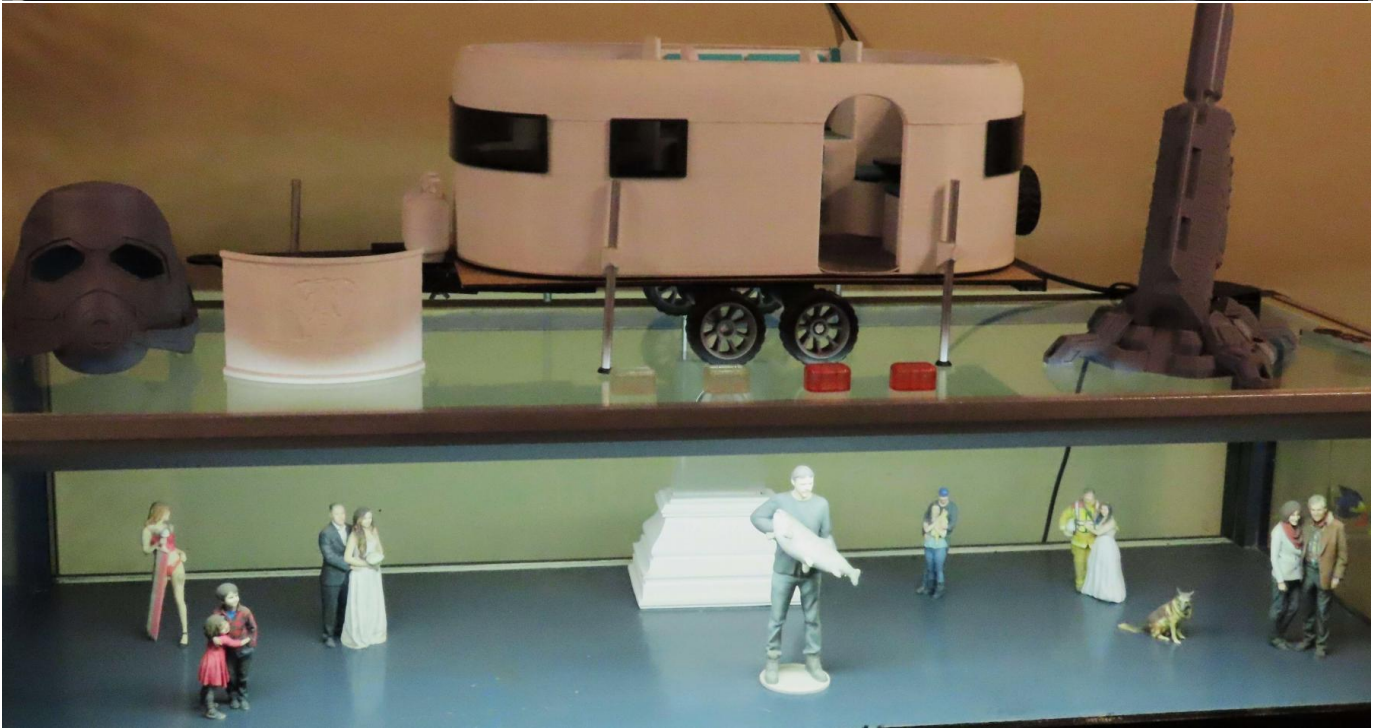

DF
Duck Foot

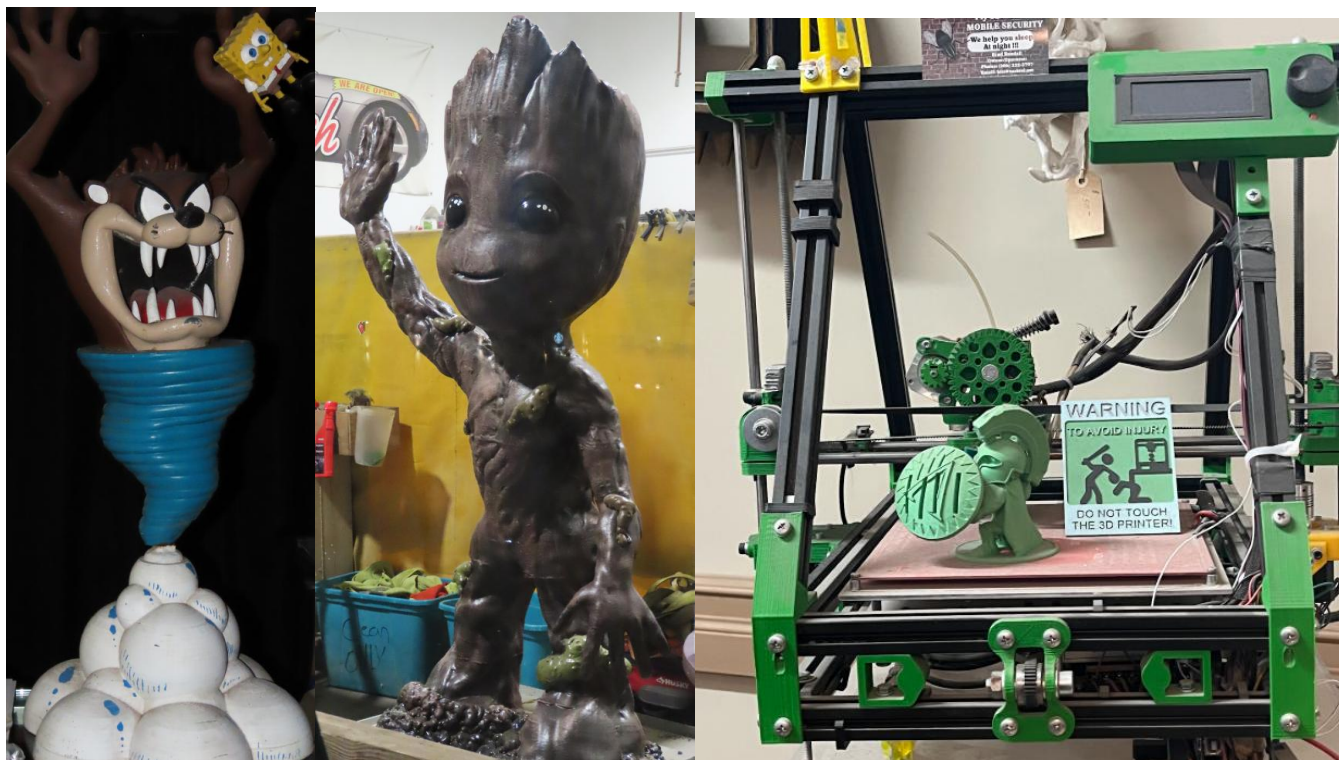

The Duck Foot is an aftermarket paddle tine.

For use in soybeans, lentils, wheat, chickpeas, straight cut canola, lupins among other crops

- The 6" paddle lifts and feeds thin short or specialty crops that standard lines miss, significantly improving yield
- It's unique, more aggressive design helps grains clear the cutter bar, allowing for better threshing
- Increases ground speed
- Created by a Saskatchewan farmer
- Easy to install, no tools required
- Quickly slips over the existing finger, attaching directly to the reel pipe
